

Career Power

Course Description:

Career Power Classic is designed to provide you with the knowledge and tools you need to take charge of your own development and commit to taking powerful career actions.

Investing in the Career Power Classic learning experience will enable you to:

- Identify the elements of an ideal career fit such as values, skills and interests
- Assess current reputation, strengths, and opportunities to learn and develop individually and through the perspective of others
- Create meaningful and viable career choices that meet individual and organizational needs
- Initiate, prepare for and actively participate in career conversations with your manager or other identified personnel
